Accreditation

The University of Central Florida is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the associate, baccalaureate, master, specialist and doctoral levels. The University of Central Florida's College of Medicine M.D. Program has received preliminary accreditation by Liaison Committee on Medical Education which is composed of representatives of the Association of American Medical Colleges and the American Medical Association.

History

The University of Central Florida was established in 1963 and was first named Florida Technological University. Classes began in 1968. The name was changed by action of the Florida Legislature on December 6, 1978. The University of Central Florida is one of eleven universities in the State University System of Florida. The College of Medicine M.D. Program was approved by the Florida Board of Governors and Florida Legislature in 2006. The M.D. Program admitted the charter class Fall of 2009.

Credit and Grades

Quarter credit hours were used at UCF from Fall 1968 through Summer 1981. Semester credit hours have been used since Fall 1981. All credit hours on this record have been converted to semester credit hours.

A semester hour of credit represents one class hour of work (or two or more laboratory hours of work) per week for a semester. Classes may be offered for a six-week period during the Summer term. During this shortened term, two class hours of work (or four or more laboratory hours of work) per week are required to represent a semester hour of credit.

All undergraduate credit transferred to UCF is shown on the permanent record. The listing of courses on the transcript does not assure acceptance toward any specific graduation requirement.

The plus/minus grading system became effective Fall 2001.

Academic Standing

A student is placed on *academic probation* when his/her UCF cumulative GPA drops below 2.0. A student on academic probation is *disqualified* upon failure to achieve a minimum term 2.0 GPA while on academic probation. A student who is disqualified may not enroll at UCF for two semesters following disqualification. Disqualified students who require 15 or more semester hours of "B" grade course work to raise the UCF cumulative GPA to 2.0 **are not** eligible for readmission to UCF. A student readmitted following disqualification who fails to achieve a minimum 2.0 GPA is *excluded* from the University. Excluded students **are not** eligible for readmission to UCF.

Academic Amnesty

Effective Fall 2004, the Academic Amnesty Program provides undergraduate students who are not eligible for readmission for academic reasons the opportunity to readmit to UCF after five or more years of separation. Upon successful completion of the Amnesty Program, UCF nullifies up to two consecutive terms of UCF coursework from the UCF cumulative GPA. All coursework remains part of the student's permanent record and is recorded with nullified terms and courses identified by the "T" Course Type. 12/18
